DD/S&T 2037-66

14 April 1966

**MEMORANDUM FOR: Executive Officer/OSI
Executive Officer/FMSAC**

SUBJECT : [REDACTED] Papers for Dr. Wheelon's
[REDACTED]

1. As I mentioned to you this morning, Dr. Wheelon will be giving a briefing to the [REDACTED] on the work of the Directorate. This presentation will provide more substance than is usually given at the SECRET level, and he would like to have the suggestions of your Office for any points you would like brought to the attention of the [REDACTED]. These will be incorporated into a 20-minute draft paper.

2. Dr. Wheelon will be spending a fair amount of time at [REDACTED] and others who are naturally interested in missile, nuclear, and especially AMM problems. He would appreciate it if OSI and FMSAC pull together a collection of the most recent studies for SID articles with which he could reinforce himself for these meetings. He has further mentioned that he would greatly appreciate a well-organized briefing paper which would be based on the above topics.

3. Dr. Wheelon is expecting to review this material and briefing papers on Monday morning when he returns to the Office. If there is any further guidance you may wish, please don't hesitate to call.
